

Online/Live Classes

In this digitalized era of education everything comes under digitalization, either it's all about live video classes, smart notes, pdf, e-books.

Now distance cannot hamper the way of teaching and ability of candidate to get learn things from their favorite coaching, institute, college, school or teacher.

This smart class resolves all scrum and made it better experience for students and teachers also.

Live Classes is a unique smart classes concept of this era, this saves lots of time efforts and money.

LEARN FROM HOME!

**Package: (1). Live Classes with doubt clearance (2). Video Lectures
(3). Assignments (4). Supporting Study Material (5). Online Test**

How to join?

- To join classes call us at 9540432282 or 8010812320 or WhatsApp us at 9540432282
- Live class app link & student class meeting id will be send to student.
- Students can join Live classes on Mob or Laptop both as they wish to prefer.
- No need to any additional device for students to join Live classes, only mob or laptop is required with internet connection.

Note: Our Live class app is available for Android smartphone, Apple iphone and windows for laptop or desktop.

How does it works?

- There is two way communication, students can directly communicate with teacher during class means during class students can clear their doubts.
- To communicate with teacher by talk students need to on their mic.

Science Vision Institute: H.N. 21, Jia Sarai near IIT, New Delhi-110016

Mob: 9540432282, 8010812320

- Students can also communicate with each other so this is similar to offline classes as there students can talk to teacher & classmates.
- There is also facility to ask question by chat.
- Each Live class lecture is recorded and the link of each recorded lecture is send to all students daily.
- If any student could not attend the Live class due to any reason he/she can watch the class video lecture by clicking on provided link, this is also useful for students during revision of syllabus.
- Thus as well as Live classes complete Video backup is also provided to all students.
- During whole session students can access all these Video lectures as their need. There is no limit & condition to watch Video lectures, students can watch any time, any day and also many times with unlimited duration means no limit of time duration to watch lectures.

Unique Features!

- Learn from your Home! Live classes will be available at your smartphone(mobile)/Laptop/Desktop!
- There is two way communication, students can clear their doubts/queries during Live class!
- Live class recorded Video lectures will be provided to all students. If student could not attend the Live class due to any reason, he/she can watch the recorded Live class Video lecture. This backup is also useful during revision.
- Connect with us! Our Modern Education System connect each & every student with Science Vision Institute across the country! Now distance doesn't matter so make your dreams come true!
